

CSE4204 | Section B1 | Computer Graphics Lab | Assignment – 1

[1] Create a WebGL application to draw a Triangle Bird (A special kind of bird made with only triangles). The size of the Triangle Bird can be arbitrary. But the color needs to be the same as the picture shown below.

Hints:

- You need several triangles to create the Triangle Bird.

Submission Process: You have to follow the coding skeleton provided during the sessional class.
Rename your file like this: **190204001_B1.html**
